Management REPORT

No. 152

ROBLEY A. BUTLER, now assistant resident manager, Port Angeles division, is being transferred to Camas as manager of pulp production. Mr. Butler was in Camas from 1939 to 1949, at which time he was promoted from the position of assistant technical supervisor here to head of the technical department at the Ocean Falls mill. He will begin his new duties in Camas on Monday, December 19.

THE CAMP CURRIE BOARD OF DIRECTORS held their annual meeting on Tuesday evening, Dec. 6. Joe Ast was elected to fill the unexpired term of director Tom Leedham. Dr. A. K. Harris and A. M. Fisher were re-elected to the board. Improvements during the last 12 months include moving the entrance, installing lighted gate, improvements to the caretaker's cottage, permanent markers on the trees in the arboretum, development of maps with campsite numbers, and planting of rhododendrons, these accomplished in part by volunteer labor. Projects for the coming year include the walling of three sides of the outdoor cookery, painting tables and benches in lodge, painting caretaker's cottage, and the planting of 25 silver firs and 25 cedrus deodora trees already on order. The camp comprises an area of 40 acres owned by CZ Corporation along Lackamas lake. A portion is leased by CZ to the Camp Currie youth organization for \$1.00 per year, while the entire plot is available for youth activities. The area was in use 125 days during the year by hundreds of young campers (chiefly Boy Scouts) from local groups as well as from Vancouver and Portland.

NO ACCIDENT was recorded in Camas or Washougal on S-D Day, reports Tom Paisley, local chairman, who wishes to thank all who gave loyal support to the program. In checking with police yesterday, Tom learned that the local record during the entire check period was very good with only seven slight accidents occurring between Nov. 21 and Dec. 11. These involved small property damage and no personal injuries.

HOW WE'RE DOING: Progress on new projects as reported by Headquarters.

The roof is on the CZ veneer plant being built at St. Helens. Work began in late August with the dumping of 100,000 yards of dirt fill for the road and plant site on Scappoose Bay. By mid-November, the roof was on the main building which is 80 x 460 ft., and will house equipment required to produce annually about 85 million ft. of green veneer. First veneer is expected in the spring of 1956.

CZ's new "little" paper machine in Los Angeles has started up. The equipment, an experimental tissue paper machine about 40-ft. long from pick-up felt to reel with a 91 in. trim, was installed to make ZEE for the huge Los Angeles market. I. E. Nicholl, resident manager, Los Angeles converting division, and Gus Ostenson, temporarily assigned to Los Angeles, guided the start-up. They report that after early tussles with crushing on the dryer, excess water following the couch nip and small holes in the sheet caused by spots of asphalt and other particles that got into the stock and water systems during the construction period, they are now getting a sheet "of consistently good quality and very soft, with surprisingly good cross-machine tensile strength."

THIS KING-SIZED AD is being featured by the CZ sales department in 12 Sunday supplements on Dec. 11 and 18. Last Sunday, the American Weekly, carrying the 3/5 page display, was distributed by four city dailies including the OREGONIAN in this area. This Sunday, This Week magazine, distributed by six western states dailies including the OREGON JOURNAL, will carry this message of our products. It will also be found in the OAKLAND TRIBUNE and the SEATTLE TIMES. Current advertising also includes full color pages in five magazines, and 17 "Angel" ads in others. All of these and many other sales aids help to increase the demands for Camas products.

for Angel and you...

bathroom tissue that is facial tissue

Chiffon Tissue is actually facial tissue in rolls for bathroom use! And because it is a twin-ply facial tissue it's double-soft. So very, very gentle.

Bathroom tissue rolls in these 5 soft colors...

- Soft Blue
- Soft Pink
- Soft Green
- Soft Yellow
- Soft White

New wet-strength white facial tissues in boxes.

Crown-Zellerbach Corporation

RAINFALL for the 7-day period ending Wed. morning, 3.01 in., making an estimated total since Jan. 1 of 54.27 in. Heaviest down-pour came Sat. with 1.35 in. River level yesterday, 13.1 ft., a year ago, 7.0 ft. Lowest temperature for the week was yesterday morning (Wed.), 27°; highest was Sunday, 62°.

THE CURRENT SAFETY SLOGAN, "Safety throughout December will be something to remember" was submitted by Harold O. Steele, paint crew.

A LIMITED NUMBER of CZ gift boxes will be placed on sale to employees this Friday, Dec. 16. Sale hours are set for 7:30 to 9:30 A.M. and for 3:00 to 4:30 P.M. Boxes are priced at \$3.00 each. The storeroom staff in charge of the sale asks that buyers have the correct change for purchases.

BUSINESS IS BOOMING at the Credit Union. L.R. Hickey reports that this is the busiest Christmas season in his experience. The largest item of business is withdrawal of savings for use during the Christmas season. Some require the savings to buy gifts, others to fix up the house for company; still others to go to visit relatives. There is also considerable car financing. Others are borrowing money to buy gifts. In this regard, Hickey urges employees to sign up for savings plan deductions now so they'll be prepared for Christmas next year. Credit Union records indicate a new high in every area. Total loans for the first 11 months this year, \$851,580, exceed any previous complete year. Total savings and assets are higher than ever.

The 20th annual meeting of shareholders is set for January 20 in the new CRD auditorium. At that time, the rate of interest paid on savings in 1955 will be announced.

ELECTION of officers for Pulp and Sulphite Local 100 was held on Dec. 6 with Fred Watson and Frank Humm re-elected as president and vice president respectively. Other officers were chosen as follows: financial secretary, Jim Nichols; recording secretary and treasurer, Walter Walling; guides, Roberta Brownlee and Robert Duvall; trustees, Chas. Dodge, Robert Kelly, Norval Aslin; finance committee, Adline Wittler, Herb Gross; unity committee, Bud Hall, Cecil Collins, Florence Cochrun; delegate to safety conference, Chas. Dodge; delegates to wage conference, Bud Hall, Walter Walling, Ron McDonnel, and Fred Watson.

Election for Papermakers, Local 130, is being held today.

TONIGHT, Dec. 15, the third and fourth year paper school classes will have their second quarter examination. Students of the second year class will meet on Tuesday, Dec. 20 to hear a lecture on "Paper Testing and Instruments" by W.G. Goodwin and C.A. Miller of the technical dept., which lecture was scheduled for Nov. 16 and cancelled because of the weather. The class will meet at 7:30 P.M. in the assembly room of the MacMaster building. The paper school will have a holiday recess for two weeks and will resume on Tuesday, Jan. 3, 1956.
